RULINGS OF THE CHAIR,

(All rulings by the Lieutenant Governor unless otherwise indicated)

- (1) The portion of a bill which includes an appropriation for equipment and site development and site development for proposed new buildings at the Southwestern Medical School at Dallas is within the Governor's Proclamation calling a Special Session for, among other things, consideration of appropriations for construction of needed buildings at that school.
- (2) A Concurrent Resolution relative to a State Song is out of order at a Special Session where the Governor's Proclamation calling the Session does not request consideration of that subject.
- (3) Where a Senate Bill is passed by the House of Representatives with amendments attached and returned to the Senate, the bill as returned is an amended version of the Senate Bill and not a substitute, even though the amendments are extensive, and it is not to be treated under the Senate rules as a bill that originated in the House.
- (4) A motion to table a motion to suspend the Senate rule requiring 48 hours notice of a committee hearing on a bill is out of order.
